

SAT AT SAME DESK

Mack Russell and Wife Loved When Pupils.

WAS A LOVELY WOMAN

Husband Comes to Wichita to See His Dead Wife.

"That was my wife." The speaker was Mack Russell of Arkansas City, for many years the proprietor of the famous livery stable. He had heard a man reading about his wife's suicide in the Eagle.

Mr. Russell arrived in the city yesterday morning to see his dead wife, meet her relatives and make arrangements for the funeral. He is a mighty nice fellow and was acting most manly toward her. He had been separated from her for a year and yet he felt as if he owed her a duty.

To a reporter the Eagle he said: "She was once a very fine woman. Her downfall was and was principally due to the fact that she was a heartbreaker. She had a fine personal appearance. In figure and carriage she was a perfect type."

"How long did you live together?" "Until all my money was gone," was his reply. "Five years. She was a money spender, all the girls were-four of them. They had to have the best of everything. All of them were fine looking girls and all of them—the subject was changed and he never completed the sentence."

"My poor old mother-in-law," he said, compassionately. "It will go hard with her. She is a nice old lady and so is her husband—both are fine people. Their son was murdered down in the Indian territory two years ago. He was found with thirty-eight bullets in his body. Somebody laid in wait for him and killed him. Nobody knows who did it."

"Where is your child?" "With the old folks; her parents. They are my friends, that is, the father and mother. I asked them to take care of the child, the agreement being that she could visit the child whenever she desired, but could not take her away."

"Where did you meet your wife?" "We grew up together. We went to school together at South Haven and sat together as pupils. I fell in love with her and after we left school kept company with her. We never dreamed that there would be such a tragedy in our lives. We were married at Wellington, Kansas. We lived happily together for some time and I allowed her to go visiting frequently—every month or so—and that is what ruined her."

"Did you know she lived in Wichita?" "No, the last time I heard of her she was in Canada. She went there from Kansas City. I heard nothing about her being in Wichita till last night when I received a telephone message from Mr. Dumbler, the undertaker."

Mr. Russell is about 25 years of age, is fairly well educated and was evidently of a good family and well raised.

In Substitute Feeding. For infants, physicians agree that cow's milk is the basis for all beginnings. What is required then, is the best possible milk product. Borden's Eagle Brand Condensed Milk is ideal, pure, sterile and guarded against contamination.

FOR STEALING A BICYCLE.

John Spellman is Arrested and Locked Up.

John Spellman was arrested Monday charged with stealing his brother's bicycle. Several days ago the younger brother lost his bicycle and reported it to the police station. Detective Cairns was detailed on the case and finally arrested the young man on suspicion. Then the officer made the rounds of the pawn shops and wheel stores after getting the number of the wheel and found the bicycle in the shop of Mr. Shaw on West Douglas avenue yesterday. The description given by the keeper of the store tallied with that of the young man locked up. It is alleged that after stealing the wheel the young man pawned it for eight dollars.

AT A FINE POST

Lieutenant Kerfoot Stationed Near New York City.

Lieutenant Benjamin H. Kerfoot, a Wichita boy, in the regular army has been sent to Ft. Wadsworth and is now stationed there. Since he left Wichita Lieutenant Kerfoot has had interesting experiences. It will be remembered that after his services in the Philippines with the Twentieth Kansas, Kerfoot returned to Kansas and was Webster Davis' private secretary. After the national campaign friends went to work to get him commissioned as second lieutenant and were successful. Two months ago he went to Ft. Leavenworth and was there so successful in the examinations that he was sent to the artillery corps. He was assigned to Ft. Wadsworth as second lieutenant. Kerfoot is a very capable man. This fort is one of the finest in the country, situated on Staten Island, and is nine miles from New York City. Lieutenant Kerfoot is greatly pleased with his position and assignment.

NOVELTY IN BASEBALL.

Female Ball Tossers Will Come to This City.

Yesterday the manager of the Owl baseball club completed arrangements with the famous female baseball club of Boston, Mass., better known as the "Boston Bloomers." Baseball critics of reputation say the Bloomers of 1901 are by far the best team of fair sex players ever organized.

The players composing the Bloomers were selected from among the best female clubs that have been taking the United States. Miss Mabel Nelson, their pitcher, is a baseball wonder. She can curve a ball as well as the average male professional and has tremendous control and speed. She can run one hundred yards in ten and "pitch" a home run. A game at Chickadee recently she struck out sixteen of the opposing batters. The Bloomers travel in a special car and from David City, Neb., April 1, 1900, Genesee Pure Food Co., Le Roy, N. Y., gentlemen a man just in regard to GRAXO that is a nothing better as a healthful. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it. I told him to use GRAXO. We got a package but did not like it at first, but now would not be without it. My brother has not been ever since we started to use it. Yours truly, LILLIE SCHOR.

SANG NATIVE SONGS

Sons of Herman Have Night of Fun at Cerf's Grove.

LARGE CROWD PRESENT

Musical Program Very Elaborate and Fine.

The German Sangerfest last night was great. Cerf's grove consists of eight lots and every square foot of it held either a man or a woman or a child. Those who did not want to overcrowd the place sat on the grade of Wichita & Western road until it was a terrace of people. From this grand stand they heard the lively songs of the fatherland sung in the native tongue and watched the merry making so characteristic of German people.

The Sangerfest was given under the auspices of the Maennerchor of the Sons of Herman, a superb musical organization of male voices and all of the numbers were high class and greatly appreciated; for although all did not understand the German language they understood that music was good and every number met with an encore.

Admission into the grove was by invitation, great care being taken that no objectionable person should participate. Nearly all the prominent citizens of Wichita attended.

The instrumental music was furnished by Sanford's orchestra.

There was fun galore and every visitor was highly pleased. The German ladies furnished ice cream and did a thriving business.

A dancing platform was provided and after the Maennerchor program was completed the disciples of Terpsichore enjoyed themselves during the remainder of the night.

The Sangerfest was opened by William Meyer who delivered an able address in the tongue of his native land. From the way the Germans applauded it must have been extra good. Mr. Meyer is one of the best German scholars in Wichita and a very enthusiastic promoter of all German social events. The following is the musical program:

FIRST PART.

Leading address William Meyer
Song—Waldnacht Maennerchor
Hymn—Gambinus Maennerchor
Frühling—Song with tenor solo
SECOND PART.

Harmonious duet and dialogue
Rittmeister Stramm Mr. Hattmann
"Kokurikoo" John Schreiner
Recitation C. P. Van Hook
"Mein Thüringen" Max Elchhorn
Op. 41 Maennerchor
"An der Schönen Baluen Donon, op. 31" Maennerchor

Their Secret Is Out.

All Radcliffe, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung Troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at G. Gehring's Pharmacy.

WILL USE WICHITA LABOR

Bold Looking Around for Stone Masons and Brick Layers.

Fred Dold thinks he is under obligations to employ Wichita mechanics in the rebuilding of his big packing house, because the people of this city gave the Dolds help. He said yesterday that the people in all the towns in Southern Kansas and Oklahoma traded with him, and he would never think of confiding himself to Wichita if it were not for the fact that he would be paying a large portion of Wichita money.

Superintendent Charles Darrigand was around yesterday locating the stone masons in the city and he found twenty-two of them who will be offered a job when work is commenced on the new building. There will be no men employed until after the election, but they will be located. It is the intention of Fred Dold to pursue the same policy in regard to workmen in other lines. Wichita men will be given the work as there is enough of them to do it.

The force of men are still employed removing the debris of the burned building and clearing up for the new building. They are making great piles of brick and mortar on the grounds. When the new building is constructed the main entrance to the packing houses from the streets will be about the center. Instead of on the west side as now. There will be so many changes that there will be little to remind the people of the old plant.

TO FIND A ROUTE

Orient Surveyors Will Begin Work Today.

This morning the surveyors for the Kansas City, Mexico and Orient railroad will begin their work surveying a route for the road to enter the city. Mr. Colpitts has employed several Wichita men for the work. One Bell will be one of the rod men. It is probable that the first work will be done on the west side of the road is nearer completion from that direction than from the east. The engineer brought with him eight men but will employ several local men to aid him in the work.

REMEMBERS OPERATOR GIRLS.

Merchants' Transportation and Messenger Service Extended.

Yesterday afternoon Mr. Jim Woodard sent up to the telephone exchange a bulky bundle, carefully wrapped and bearing no other legend or address than to the manager of the local exchange, and when torn open the package proved to be a compactly bundled packet of boxes of confectionery, all carefully selected and of the finest grades of delectable sweetmeats, such as every feminine palate appreciates. The entire operating force of the exchange, as well as the office amanuenses, were all remembered, and 21 boxes of richly flavored candy were distributed throughout the boards by Manager J. E. Cole, and the heartiest thanks and appreciation were tendered to the benefactor and generous temper of Mr. Jim Woodard.

WORK BEGINS TODAY

Bridge Across Chisholm Creek to be Completed Soon.

City Engineer Harding told a reporter for the Eagle yesterday that the work of building the bridge across Chisholm creek on First street would begin this morning.

WORK BEGINS TODAY

Bridge Across Chisholm Creek to be Completed Soon.

City Engineer Harding told a reporter for the Eagle yesterday that the work of building the bridge across Chisholm creek on First street would begin this morning.

MISTAKE WAS QUEER

George W. May Came Near Losing His Farm.

HE GOT THE WRONG CARD

But Later Word Corrects the Error Made.

George W. May of this city will get his farm in the Kiowa land. This was decided yesterday, a little later than other fortunate ones in the El Reno drawing heard the news. Mr. May has had a lively time finding out whether he won or not. He knows now for the first time that he did. The mix up came about through a peculiar mistake.

Mr. May went to El Reno with the expectant throng and registered. Then he waited for the wheels to revolve. One day the Eagle announced to him the glad time under "Lawton district." No. 538, George W. May, Wichita, Kansas. Mr. May was also shown a similar line in all the other papers. His friends flocked to him and offered their congratulations and told him to put in corn and alfalfa and turnips and other things that happened to come to their agricultural minds.

But Mr. May received no card announcing his number. Supposedly all the winners had been notified. He went and took another look at the Eagle. It sure had him numbered at 538.

Then the real shock came. He got a little old green card one day announcing caddy that he had drawn number 18462. As there was only 15,000 farms to give out this left him high and dry. His friends who had been so eager to congratulate him began to sympathize. The case was a mystery to those to whom Mr. May referred it. He had not drawn No. 538 how in the world was it ever announced that he had drawn it? The possibility of a hoax was out of the question.

Finally Mr. May wrote to Governor Richards at El Reno and the mystery was cleared away in a letter received yesterday. The letter read as follows: "Replying to your letter of the 2nd, will state that No. 18462 was drawn by Arthur T. Burgess, by George W. May, agent while No. 538 was drawn by Geo. W. May of Wichita, Kansas. If you are the party referred to you should appear at the Lawton office on September 28 to make your filing. Yours truly, W. A. Richards."

In other words Mr. May had filed for a Spanish war veteran named Burgess. In some way the clerks had mixed his name with Burgess and sent him the caddy card for Burgess' number. His own card never arrived. It was probably mis-sent.

The event is notable, because it is so far as known the only case of an error in the drawing at El Reno yet to appear.

What a Tale It Tells. If that mirror of yours shows a wretched, mallow complexion, a jaundiced look, moth patches and blotches on the skin, it's over trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, clear away every clog, and give you a rich complexion. Only 50c at G. Gehring's Pharmacy.

WAGON BREAKS DOWN

Both Front Wheels Are Smashed to the Hub.

A very peculiar accident occurred in front of the Red Front Racket yesterday. A wagon with about 2500 hundred weight of hay on it was being driven slowly along by a crippled man, when right on the smooth part of the pavement both of the front wheels suddenly gave away and were smashed to the hubs. The cripple was thrown to the ground, but was uninjured by the fall. Up to a late hour the wagon was still standing on the street.

A Polo Cup Meet.

Mr. Monteville, who is employed in the city engineer's office, is an enthusiastic polo player and desires very much to see a polo match played in Wichita. We have our different organizations for the advancement of our golf interests but as yet no polo club. Mr. Monteville has kindly offered to assist in forming the club and also to teach these desiring to learn to play. It is hoped that a number will take advantage of his offer and start the cause along.

Fire on North Market.

The fire department was called to the corner of Third and Market streets yesterday about 5:30 to put out a small blaze caused by the lighting of a gasoline stove. It seems that the sunlight was reflected from the large plate glass windows of the Lewis Academy building, heating the stove and causing the gas to explode. The services of the company were not required. The damage was slight and property belonged to Mr. James Fletcher, wholly uninvolved by insurance.

Bicycle Races in Riverside.

There will be a race meeting in Riverside park next Monday. A number of entries have been made and a number of prizes will be offered for the winners. Chas. Jones, Clare Morris and C. C. Sweet are among those who have entered for the races.

Card of Thanks.

We, the undersigned, desire to publicly express our grateful and sincere thanks to the Maennerchor, especially the Albert Pike lodge 20, also the many friends for the loving sympathy and assistance during the illness and death of their husband, son and brother.

MAKES A FINE YIELD

Alfalfa Is a Paying Investment This Year.

Yesterday Mr. Edwards, living seven miles north of the city, came here to make arrangements for the sale of his alfalfa seed. He threatened the hay from six acres of ground last week and had six hundred bushels of seed for sale. This is an extra good yield, and as the seed is valued at about \$5 per bushel this will make a fine return for the year's work, besides the hay crop of the year.

William Sutton was the only man arrested yesterday by special officer Whittaker for riding a wheel on the sidewalk.

THE TRAVELER FROM THE WEST TO THE

Pan-American Exposition

Should remember that there are

Eight Trains Daily

CHICAGO TO BUFFALO

Lake Shore and Michigan Southern Railway.

The Only Double Track Line.

All tickets over this route afford use of steamers either way between Cleveland and Buffalo, also stop at Chautauque on the return trip within limit of ticket.

Book of Trains and Pan-American Folder on application F. M. BYRON, G. W. A. Chicago.

GUESS

(This Is No Puzzle—Read It)

Guess What?

How to Go to Cleveland to the

G. A. R.

Encampment

DON'T

Don't Do What? Guess. Why So?

Because the Santa Fe is the official route for the G. A. R. encampment at Cleveland, and you don't need to guess the rate, for the round trip is \$25.50, tickets on sale September 1 to 10, limited for return passage to September 15, and by depositing ticket with joint agent on or before noon of September 15, final return limit will be extended to October 5.

The Santa Fe will run through standard and tourist sleeping Pullman cars from Wichita to Cleveland, the rate in standard sleeping car through is \$2.50 and tourist sleeping car is \$1.00. For this occasion, rail tickets will be honored by steamer line between Detroit or Toledo and Cleveland in one or both directions, at the option of passengers, thus giving choice of all rail or water route in case where tickets read through Detroit or Toledo. For very low side rates from Cleveland to Buffalo and other points, simply call at Santa Fe depot or address.
